

The Digital Lawyer - May Roadshows Agenda

Monday - Thursday

3:30pm - Registration

4:00pm - Introduction

With the growing influence of innovation and technology within the legal market, it's a very exciting place for those law firms happy to invest. The world is changing and firms need to evolve to meet these changes.

We have access to some of the best talent in the world; the challenge is to provide that talent with the platform to flourish – a responsibility all law firms should embrace.

The Digital Lawyer will be covering:

- > How modern firms are taking advantage of digital technologies
- > How you can embrace technology to maximise time more effectively and deliver on best practices
- > How you can accelerate your business and digital journey with collaborative solutions
- > The risks of Transparency, GDPR & ePrivacy compliance and how you can avoid them

6:00pm - Close & Drinks

Speakers include:

Nicky Watson, Chair and founder of consent and ePrivacy solutions provider Syrenis, and widely acknowledged as a leading industry expert in this area

Steve Johnson, PSG, Steve has been providing courses for residential and commercial property lawyers for 14 years, on topics ranging transparency and conveyancing lead generation
